WISE Learning Community Seminar Series
Inter Ag 175, course # 71688, 1 credit
Tuesdays 5:30 – 7:00 pm C6 Gordon Commons

WISE Spring seminar series meets on Tuesday evenings 5:30-7:00 in C6 Gordon Commons (which is right next to Sellery Hall). Speakers will cover a wide range of research topics in engineering and sciences, along with broader artistic, political, economic and environmental aspects of science and its impact on society. Each seminar includes dinner, a lecture, and discussion with guest speakers. Each student's WISE Program Fee of \$200 is used in part for Seminar dinners. Students receive 1 credit for participation in seminar and discussion.

A few highlights for the 2008-2009 Seminar Series:
From rock climbing bum to tissue engineer

Dr. Kristyn Masters, Faculty in Department of Biomedical Engineering

Keeping doors open: serendipity, science, and your career

Dr. Christine Pfund, Associate Director of the Delta Program

Blending Art and Science: Paradise Lost? Climate Change in the Northwoods

Dolly Ledin, Outreach Coordinator for Center for Biology Education, and Helen Klebesadal, Artist and Director of UW System Women's Studies Consortium

Magnetic Fields in the Universe

Ellen Zweibel, Professor of Astronomy and Physics

We're Looking forward to seeing you at Seminar!

Professor Andrea Arpaci-Dusseau (Computer Science)

Professor Linda Graham (Botany)

WISE faculty co-directors
