Eagle's Wing turned 25 years old on August 24, 2017. We opened our doors back on August 24, 1992 in apartments 401 I and 401 J. Previous to Eagle's Wing, a private child care program named ABC, operated out of those 2 apartments. ABC was a parent co-op and times were such that co-ops just did not have enough volunteers to stay afloat. When ABC went out of business, the University Apartments community petitioned the Division of University Housing to sponsor their own early childhood program and thus was the start of Eagle's Wing.

We started with a license for 26 preschool children. For the next 5 years we responded to community need and added on a half day program, kindergarten wrap-around (then public school kindergarten was a half day only), a toddler program, a before and after school program and a summer school-age program. Eventually we had early childhood classrooms in 11 of the 12 apartments in building 401.

When the addition to the Community Center was built in 1997/1998, classroom space was part of the addition. Eagle’s Wing moved our 11 apartment classrooms up to the Community Center. We closed at noon on a Friday, started our move and opened at 7:30 a.m. on Monday. It was a hectic, joyful weekend for our amazing teachers, with lots of pizza and music to keep us going into the wee hours each morning. We are now licensed for 107 and time marches on…

Debb Schaubs, having been in the Early Childhood Profession for 44 years, 25 of those as Director of Eagle’s Wing, is now retiring. She reflects on her time with Eagle’s Wing as being the best of the best and is so honored and grateful for having met the most amazing people in the world each and every day.

After a national search to select the next administrator for Eagle’s Wing, we are all delighted to welcome Paula Zipperer to her new role as Director of Eagle’s Wing. Paula too, has been with Eagle’s Wing for the past 25 years, in the roles of Early Childhood Teacher then Assistant Director. Paula and her husband Dave are the parents of 2 amazing grown boys. Paula brings her parental experience, her 36 years of Early Childhood Education experience as well as her ECE degree and continuing education to the position. She is highly regarded within the Early Childhood community and is respected and loved by the Eagle’s Wing teachers.

Eagle’s Wing celebrated with an Open House on Friday, August 25, 2017, along with a short program, cake and punch. It was wonderful to meet new residents and come back together with some old friends. Eagle’s Wing has touched so many lives in the past 25 years. We’re looking forward to making many new friends, and having all sorts of new adventures under the gentle and astute guidance of the new Director Paula Zipperer.

Thank you for an Amazing 25 Years of Serving Children and Families!
Back to School? Be Well and Be Safe

Being Well: As school gets back into session for the University it is important to recognize this is an exciting and often stressful time for a lot of people. The pressures of student life, for those whom this is their first time at UW to graduate students, can seem overwhelming at times. I feel it is important to make sure you know about the many services available at University Health Services (UHS) here on campus.

UHS offers a wide range of services in the areas of medical services, mental health services, victim advocacy, insurance, and environmental & occupational health. UHS is here “To enhance learning and student success by promoting, protecting, and restoring health and well-being.”

Well-being is not just physical, our mental health and well-being is important to success. UHS offers individual, couples/partner and group counseling services as well as help with stress management and psychiatric services. It is important we ensure our mental and emotional health is addressed right along with our physical health.

To access any of UHS services please call (608) 265-5600 or visit their website at www.uhs.wisc.edu.

Being Safe: Did you know crime on campus is a simple math problem? Much like 1+1+1=3, the crime equation is CRIMINAL + VICTIM + OPPORTUNITY = CRIME. The biggest thing you can control in that equation is opportunity. Do not give criminals the chance to make you a victim.

Be sure to lock your bikes to bike racks, do not leave your bag or backpack unattended, keep your phones and portable computers with you at all times, and be secure all your possessions. It only takes seconds for unattended items to be taken and it can happen to anyone. Criminals will do what is easy, so an unlocked bike or a bag or laptop left alone sitting on a desk is easy to take.

Be alert, do not give criminals any opportunity to take your things and make you a victim. Feel free to contact UWPD at (608) 264-2677 or me at (608) 265-5717 or terryevans@wisc.edu.

Stay safe, be well, and have a great school year.

Eagle’s Wing will again be transporting their Early Birds and Glider children to and from Shorewood Hills Elementary School on a bus contracted through Riteway Leasing. These groups do not fill the entire bus which allows us to take some community children along. The bus is scheduled to run Monday, October 30, 2017 through Wednesday June 6, 2018.

All open seats are offered through a lottery because there are so many more community children than bus seats available. Free Garden Plots at Eagle Heights

Starting September 1, garden plots will be available at the Eagle Heights Gardens, at no charge, for the rest of the year. (The gardens close in late November.) Although it’s now too late in the season to plant a garden for this year, you could get a plot now, and prepare it for next spring. These garden plots are very weedy, and will take some work to get into good shape. But if you want to keep the plot next year, you will be a returning gardener, and will have priority to renew the plot.

Fall is the best time to plant garlic in Wisconsin!

Request Repairs Online

If something in your apartment doesn’t work, let us know right away. Repairs will be made even if you are not at home.

Night, weekend, and holiday repairs are only made in urgent situations. If you put in a repair request as soon as you notice a problem, it may keep the problem from getting worse at a time no mechanic is available.

When you need a non-emergency repair, use the Repair website. Only request one repair on each form. The Repairs webpage also has some instructions on small repairs you can make yourself.

To Contact Resident Managers

A Resident Manager is on-call from 5:30 p.m. to 8 a.m. on weekdays, and 24 hours a day on holidays and weekends. No Resident Manager is on Duty at other times, when the University Apartments Office (in the Community Center) is open.

Due to problems with cell reception (sometimes the Resident Manager on Duty is in a basement) the most efficient and effective way to contact the Resident Manager on Duty is sending a text. Texts or calls should be placed to 608 - 444 - 9308.
