EXECUTIVE SUMMARY REPORT
UNIVERSITY HOUSES RENOVATION
April 10, 2015

What’s New
There is a plethora of new finishes in place in zone 1, including bathroom tile, luxury vinyl flooring, cabinets, and light fixtures! Building 5 is very close to the final product and is scheduled for punchlist in the next couple of weeks. Finishes are moving through zones 1 and 2. The rest of the zones are busy with plumbing and electrical rough-ins.

The Past Two Weeks
• Luxury vinyl planks and tiles were installed in zone 1
• Bathroom tile was installed in zone 1
• Kitchen cabinets were installed in zone 1
• Baseboard was installed in zone 1
• Electrical rough ins made their way to zone 3

Coming Up in the Weeks Ahead
• Kitchen countertops will be installed in zone 1
• MEP Rough-ins will continue
• Plumbing and Electrical finishes will be installed in zone 1
• Painting and floor refinishing will take place in zones 2 and 3

Did you know? The oldest examples of tiled surfaces can be found inside the pyramids of ancient Egypt, and were made 4,000 years ago!
