What’s New
Work continues to progress in all zones! Taping, painting, and parquet flooring restoration is finishing up in zone 1. Zone 2 is in full swing with wall framing, drywall installation, taping, and finishing. The electricians have been busy roughing in zone 2 walls and laying out in zone 3, and convectors are in place in zone 5.

The Past Two Weeks
• Louvers and flashing installation continued
• Buildings 10, 11, 13, and 15 have been roughed in
• Interior blocking in zone 2 finished up
• HVAC system was cleaned and flushed in zone 1, 3, and 4

Coming Up in the Weeks Ahead
• Luxury vinyl plank and tiles will be installed in zone 1
• Baseboard will be put in place
• Ceramic bathroom tile to be installed in zone 1
• Kitchen cabinets will arrive in the first buildings

Did you know? You may be glad that the snow is melting, but count your blessings. Two-thirds of the world population has never seen snow with their own eyes!
