By practicing thoughtful recycling habits, you become an important part of a culture of sustainability in your new home at UW-Madison. As we share our space in the residence halls and the Madison community, we also share our space and resources with billions of people around the world. The recycling decisions that you make each day will help us save landfill space and preserve our resources for future generations to use.

Compost/organic waste:
- Food waste
- Used napkins, tissues or paper dining ware
- Drinking take-out boxes

Trash to landfill:
- Group paper boxes
- Incandescent light bulbs
- Magazines (individually)
- Plastic envelopes
- Dirty side-out and unstacked (not labeled)
- Batteries (all types and sizes)

Specialty recycling:
(Holt Center & Gordon Dining and Event Center)
- Printer cartridges
- Food waste

Cans, Glass & plastic:
- Aluminum beverage cans
- Glass & food beverage jars
- Used beverage bottles
- Plastic bags

Mixed paper:
- (Not labeled)

Recycling & Sustainability

Laundry services are available in each residence hall along with a variety of other services, including floor dens and main lounges. In addition, expanded basic cable TV service is available in each residence hall room along with a variety of foreign language channels and several high-definition channels. In order to connect to your rooms cable TV, you will need a coaxial video cable. A complete channel listing (over 250 channels) can be found at http://cable.doit.wisc.edu. To connect to your rooms cable TV, you will need a coaxial video cable. A complete channel listing (over 250 channels) can be found at http://cable.doit.wisc.edu.

ResNet Internet Service is available in all rooms and residence hall common areas, including floor dens and main lounges. In addition, expanded basic cable TV service is available in each residence hall room along with a variety of foreign language channels and several high-definition channels. In order to connect to your rooms cable TV, you will need a coaxial video cable. A complete channel listing (over 250 channels) can be found at http://cable.doit.wisc.edu.

LAUNDRY

Conveniently heated laundry facilities provide high efficiency washing for $2.25/load. To purchase a load, simply swipe your Wiscard in the laundry device. The app can be downloaded for Android and iOS devices in the play store or iTunes App store. See flyers posted in laundry facilities for password.

LOFT GUIDE

At University Housing, we make energy conservation a priority. In Kronshage Hall, steam is piped directly to wall radiators. The radiators have a valve on the upper end that must be opened (rotate left/counter-clock wise) to obtain heat. Try small adjustments at first to avoid overheating your room. Always check to make sure belongings such as furniture, bedding, and carpet are not pushed up against the convector openings. A free flow of air must be maintained around the heating unit in order to heat your room.

When leaving your room for the day, please close windows in order to maintain comfort for yourself and other residents.

HELPFUL TIPS:
1. Help conserve energy through common sense habits.
2. Close your drapes or blinds at night. It is important to maintain comfort for yourself and other residents.
3. Open your drapes or blinds on sunny days during winter months.
4. Don’t leave the windows open.
5. Dress in layers.

KRONSHAGE LAUNDRY FACILITY:
Located on the Campus West (Kronshage) and Shoemaker (East Kronshage) basement

ASSEMBLY INFORMATION:
• No tools required.
• Pins MUST be used when lofting your bed. Extra pins are available from your Building Supervisor or House Fellow.
• Use long pins for beds and short pins for other pieces.
• The safety bar SHOULD NOT be removed. If the bar is not in the proper position for your setup, simply turn the bed over side-to-side or end-to-end to position it correctly.
• If you are lofting near a window, the safety rail must be next to the window.
• If you come across a broken window, lock, or another urgent room situation such as a malfunctioning elevator, it is important to contact your house fellow or hall desk immediately. Non-emergency repairs such as replacing light bulbs, window screens that need to be replaced, and maintenance tasks that need to be fixed (that is otherwise not causing a hazard), or problems with insects in rooms, are requested through an online system by submitting a MARS request. Go to mars.housing.wisc.edu to submit a request. It is important to note that you do not submit MARS request for problems with ResNet.

REPAIRS

If you come across a broken window, lock, or another urgent room situation such as a malfunctioning elevator, it is important to contact your house fellow or hall desk immediately. Non-emergency repairs such as replacing light bulbs, window screens that need to be replaced, furniture that needs to be fixed (that is otherwise not causing a hazard), or problems with insects in rooms, are requested through an online system by submitting a MARS request. Go to mars.housing.wisc.edu to submit a request. It is important to note that you do not submit MARS request for problems with ResNet.

Water TV on your iOS or Android device using the CharterU app on campus.

E-MAIL: resnet@housing.wisc.edu

5 QUICK STEPS TO CONNECT
1. Enable the wireless network adapter on your laptop or wireless device.
2. Select the ResNet Wireless network from the list of available wireless networks.
3. Open your web browser. It will automatically redirect the registration page.
4. Click “Start” under “COMPUTERS AND MOBILE DEVICES (DESKTOP, LAPTOP, SMARTPHONE & TABLET)”
5. Enter your campus-assigned NetID and password at the login page, as well as your preferred contact information.

LAUNDRY

At University Housing, we make energy conservation a priority. In Kronshage Hall, steam is piped directly to wall radiators. The radiators have a valve on the upper end that must be opened (rotate left/counter-clock wise) to obtain heat. Try small adjustments at first to avoid overheating your room. Always check to make sure belongings such as furniture, bedding, and carpet are not pushed up against the convector openings. A free flow of air must be maintained around the heating unit in order to heat your room.

When leaving your room for the day, please close windows in order to help conserve energy. It is important to keep your windows closed during unseasonably cool or warm periods to conserve energy and maintain comfort for yourself and other residents.

HELPFUL TIPS:
1. Help conserve energy through common sense habits.
2. Close your drapes or blinds at night. It is important to maintain comfort for yourself and other residents.
3. Open your drapes or blinds on sunny days during winter months.
4. Don’t leave the windows open.
5. Dress in layers.

KRONSHAGE HALL ROOM DIMENSIONS
Plan with rooms may vary in size.

Bunk

Trundle (2 Options)

Low Trundle: the lower bed rests on an extra bookcase while the higher bed rests on the lower bed and a desk.

High Trundle: the lower bed rests on an extra bookcase while the higher bed rests on the floor while the higher bed rests on the lower bed and the books are.

The option leaves one bed on the two double beds while the other bed remains unlofted. The bed frame is reversible, giving you two different height options.

Other Instructions:
• Avoid using tape on your furniture as it will leave a permanent mark.
• All furniture must remain in the room. There is no loft storage in the building and furniture cannot be removed from the building.
• At the end of the year, the furniture must be returned to the original down position or you will incur a $50 charge per bed.

Please see your Building Supervisor or House Fellow if you have any questions.

SAFETY REQUIREMENTS:
• Two or more people are required to lift and stack furniture components. Keep your back straight and bend your knees. Lift with your legs and arms, not with your back.
• Remove the mattress before lofting a bed.

1. Enable the wireless network adapter on your laptop or wireless device.
